ABOUT

The 12 Survivors First Aid Rollup Kit offers the basics in life saving medical intervention. It's contents will treat injuries ranging from the basic knee scrape to the life threatening extremity hemorrhage and offer you the ability to provide the intervention necessary to save a life. The kit unrolls to reveal zipped pouches for organized storage and do-it-yourself labels so you can easily identify all of your supplies under critical stress. With snap button straps, the kit easily attaches to the exterior of existing gear freeing up space in your pack and offering you unimpeded access to your medical supplies. Regardless of your environment, the 12 Survivors First Aid Rollup Kit provides the tools necessary to survive until help can be reached.
